Commodities Testing

Supporting confident trade

Explore our **FOSFA** and **GAFTA** accredited testing services

Whether you are trading feed materials or edible oils, our accredited testing services help ensure quality and compliance, safeguard contracts, and reduce disputes. Provided by our Eurofins Food Testing UK laboratory in Ipswich, our analysis delivers independent, trusted results with the speed, accuracy, and reliability needed to support confident trading decisions.

FOSFA International - Oils, fats, and oilseeds

The Federation of Oils, Seeds, and Fats Association (FOSFA) sets global standards for the trade and transport of oils, oil seeds, and related products.

Eurofins Food Testing UK's Ipswich Laboratory is a registered FOSFA Full Member Analyst, providing:

- 
- ✓ FOSFA contractual analysis
 - ✓ Oils and oil seed testing
 - ✓ Certificates with FOSFA Seal
 - ✓ Ongoing quality checks

GAFTA - Grains and animal feeds

The Grain and Feed Trade Association (GAFTA) governs trade of grains, animal feed, and related commodities, ensuring legal clarity and quality assurance across global supply chains.

Through Eurofins Food Testing UK's Ipswich laboratory (GAFTA Approved Analyst for both feed and grains) and Eurofins Food Testing Rotterdam BV (GAFTA Approved Analyst for grains) we provide:

- ✓ GAFTA sample analysis
- ✓ Feed and grains standards testing
- ✓ Accredited trade results

Why choose Eurofins?

With internationally recognised FOSFA and GAFTA accreditations, Eurofins network of laboratories provides Certificates of Analysis that are trusted across global commodity trade.

Our expertise is built on decades of analytical experience, supported by a strong commitment to quality, compliance, and impartiality.

Other areas of expertise
