Delegate of the Australian Pesticides and
Veterinary Medicines Authority

This licence remains the property of the APVMA and must be returned on request

SCHEDULE OF ADDITIONAL LICENCE CONDITIONS

The following additional conditions apply to and form part of Licence No. **6238** issued to the Licence Holder:

Eurofins Agrosience Testing Pty Ltd

ACN 094 752 959

- S1.1 This Licence authorises only those steps of manufacture, product type(s) and premises listed.
- S1.2 The Licence Holder must provide the original signed copy of the audit report together with details of all corrective actions they propose to take with respect to the identified non-conformances and the timeframe for their implementation. This documentation must be received by the APVMA within 25 working days of the audit in accordance with Regulation 61(8C)(a)(i).
- S2.1 The Licence Holder must perform all aspects of laboratory analysis or testing or both of veterinary chemical products, in accordance with Good Laboratory Practice using the same:
- a) premises,
 - b) plant and equipment,
 - c) laboratory procedures,
 - d) documentation, and
 - e) personnel (including those persons responsible for Production and Quality)
- that are covered under NATA Accreditation No. **15028**
- S2.2 The Licence Holder must maintain their NATA accreditation and advise the APVMA in writing within 10 working days of any changes in the scope of that accreditation that are likely to impact on the analysis or testing or both of veterinary chemical products. The Licence Holder must also provide the APVMA with copies of all NATA assessment reports and correspondence related to the conduct and closure of such assessments, within 10 working days of receipt of those reports or correspondence.
- S2.3 This licence authorises the determination of Ivermectin, Oxantel, Praziquantel, Pyrantel embonate and Febantel content of veterinary chemical products, as specified in the scope of NATA Accreditation Number 15028.

Dated this 28th day of June 2022
