Letter of intimation of the decisions taken on the research proposal

EC quorum was present in meeting. After thoroughly scrutinizing the ethical and scientific aspects of the proposal, the committee has decided that the proposal is approved in its presented form and valid for **April 2026 to March 2027**.

We hereby confirm that neither you nor any of your study team members have participated in the voting or decision-making procedure of the committee. The members of the committee who have participated in the voting or decision-making procedure of the committee do not have any conflict of interest in the reference study.

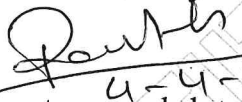

The Institutional Ethics committee expects to be informed about:

1. The progress of the study annually.
2. Any SAE occurring in the course of the study. (applicable only on clinical trials on human subjects)
3. Any changes in the protocol and patient information/informed consent.

Also, you are requested to provide a copy of the final report. If applicable

This Ethics Committee is organized and operates according to Indian Good Clinical Practice, ICMR Guideline, National Ethical Guidelines for Biomedical and Health Research Involving Human Participants, 2017 and New Drugs and Clinical Trials Rules, 2019.

Yours Sincerely

4-4-2026
