Ms. Theresa Zielke, Quality Assurance Officer
Eurofins South Bend
110 South Hill Street
South Bend, IN 46617

RE: Laboratory Certification
Lab ID #40700

Dear Ms. Zielke:

Enclosed is the updated certification for your drinking water laboratory reflecting the laboratory's name change from Eurofins Eaton Analytical, LLC - South Bend to Eurofins South Bend.

The laboratory is certified to analyze drinking water samples for the analytes and methods listed on the certificate and accompanying analyte sheet. Analyses performed by analysts not approved by a primacy agency, or utilizing a method not listed on the certificate, will not be accepted for compliance.

The certification expiration date is **June 30, 2026**. Application for renewal should be made at least thirty days prior to the expiration date with the submittal of a completed application and the appropriate fee. The Department must be notified within 30 days of any change to your home state certification status, including expiration, revocation, or downgrade.

All results are to be reported to the Department by either XML or direct entry. The Department and applicable water system must be notified by telephone immediately upon the occurrence of any positive bacteriological sample. Analytical results must be received by the Department no later than 10 days after the end of the compliance month. The Lab ID# is **40700** and must be included on all reports submitted to this office for compliance.

If there are any questions regarding this matter, contact me at (334) 271-7775 or bal@adem.alabama.gov.

Sincerely,

A handwritten signature in cursive script that reads "Benny A. Laughlin".
