LETTER OF RECIPROCAL CERTIFICATION

April 21, 2026

Kamila Reichert
Eurofins Built Environment Testing East - Cary
730 SE Maynard Road
Cary, NC 27511

Dear Kamila Reichert:

The Drinking Water Laboratory Certification program of the Indiana Department of Health, has reviewed your request to become a certified laboratory for chemical analyses of drinking water in the state of Indiana, pursuant to the requirements under the Safe Drinking Water Act (SDWA) 42 U.S.C. 300f et seq., the National Primary Drinking Water Regulations (NPDWR) 40 CFR 141 and 142, and the Indiana Primary Drinking Water Regulations (IPDWR) 327 IAC 8-2. Your submittal package contained certification information for the state of North Carolina, citing on-site inspections and the analysis of water supply (WS) proficiency testing (PT) samples from a North Carolina approved proficiency testing program.

Based on Indiana's policy of approving laboratories that are certified for drinking water analyses by states whose programs are approved by USEPA, and based on the results of the WS studies provided, the program issues the following determination, pursuant to IC 4-21.5-3-5:

- The laboratory shall be granted full certification for: *asbestos* (as indicated on the North Carolina certification letter/certificate).

The laboratory has been assigned laboratory number C-NC-02. This identification number is to be used on all reports for compliance monitoring of public water supplies to the Indiana Department of Environmental Management the expiration of Indiana certification will be the date that the laboratory's North Carolina certification expires (**July 31, 2026**).

In addition, the laboratory is required to provide the certification officer with the following documents, as they become available: **[1]** any change in certification status or expiration date

To **promote, protect, and improve** the health and safety of all Hoosiers.

of North Carolina certificate [2] the report generated by the on-site assessment/audit performed by certifying authority (North Carolina), and [3] reports of WS PT sample analysis.

If you wish to seek review or stay of the effectiveness of this determination, pursuant to IC 4-21.5-3-7, you are required to submit, in writing, a petition, on or before May 21, 2026.

Office of the Secretary
Indiana State Department of Health
2 North Meridian Street
Indianapolis, IN 46204

The petition for review or stay must include facts demonstrating that:

- The petitioner is a person to whom the determination is specifically directed.
- The petitioner is aggrieved or adversely affected by the agency determination; or,
- The petitioner is entitled to review under any law.

Questions concerning the certification status granted by this letter should be directed to Katie Sullivan, Laboratory Certification Officer, 317 921-5505.

Dated at Indianapolis, Indiana, this 21st day of April 2026.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lixia Liu'.

Lixia Liu, PhD MP(ASCP) D(ABMM)
Director, Indiana Department of Health Laboratories
