| <input type="checkbox"/>            | <b>UNIQUE SCOPES</b>              | Accreditation Expires:                    |
| <input type="checkbox"/>            | <b>BE FIELD/MOBILE</b>            | Accreditation Expires:                    |

Specific Field(s) of Testing/Method(s) within each Accreditation Program for which the above named laboratory maintains accreditation is outlined on the attached Scope of Accreditation. Continued accreditation is contingent upon successful on-going compliance with ISO/IEC 17025:2017 and AIHA LAP requirements. This certificate is not valid without the attached Scope of Accreditation. Please review the AIHA LAP website ([www.aihaaccreditedlabs.org](http://www.aihaaccreditedlabs.org)) for the most current Scope.

## AIHA Laboratory Accreditation Programs, LLC

### SCOPE OF ACCREDITATION

**Eurofins Built Environment Testing East-  
Marlton, NJ**  
Eurofins Built Environment Testing East, LLC  
1006 Astoria Blvd Cherry Hill, NJ 08003-2311

Laboratory ID: LAP-103005

Issue Date: 07/21/2026

Expire Date: 09/01/2027

The laboratory is approved for those specific field(s) of testing/methods listed in the table below. Clients are urged to verify the laboratory's current accreditation status for the particular field(s) of testing/Methods, since these can change due to proficiency status, suspension and/or withdrawal of accreditation.

### Environmental Microbiology Laboratory Accreditation Program (EMLAP)

Initial Accreditation Date: 02/01/2013

| EMLAP Scope Category | Field of Testing (FoT) | Component, parameter, characteristic, material, or product tested | Method        | Method Description<br>(for internal methods only)                                                                                                        |
|----------------------|------------------------|-------------------------------------------------------------------|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|

Specific Field(s) of Testing/Method(s) within each Accreditation Program for which the above named laboratory maintains accreditation is outlined on the attached Scope of Accreditation. Continued accreditation is contingent upon successful on-going compliance with ISO/IEC 17025:2017 and AIHA LAP requirements. This certificate is not valid without the attached Scope of Accreditation. Please review the AIHA LAP website ([www.aihaaccreditedlabs.org](http://www.aihaaccreditedlabs.org)) for the most current Scope.

## AIHA Laboratory Accreditation Programs, LLC

### SCOPE OF ACCREDITATION

**Eurofins Built Environment Testing  
East – Cherry Hill, NJ**  
Eurofins Built Environment Testing  
East, LLC  
1006 Astoria Blvd. Cherry Hill, NJ 08003

Laboratory ID: LAP-100188

Issue Date: 07/02/2026

Expire Date: 03/01/2028

The laboratory is approved for those specific field(s) of testing/methods listed in the table below. Clients are urged to verify the laboratory's current accreditation status for the particular field(s) of testing/Methods, since these can change due to proficiency status, suspension and/or withdrawal of accreditation.

The EPA recognizes the AIHA LAP, LLC ELLAP program as meeting the requirements of the National Lead Laboratory Accreditation Program (NLLAP) established under Title X of the Residential Lead-Based Paint Hazard Reduction Act of 1992 and includes paint, soil and dust wipe analysis. Air and composited wipes analyses are not included as part of the NLLAP.

### Environmental Lead Laboratory Accreditation Program (ELLAP)

**Initial Accreditation Date: 01/20/1997**

| Component, parameter, characteristic, material, or product tested | Technology sub-type/Detector | Method           | Method Description<br>(for internal methods only) |
|-------------------------------------------------------------------|------------------------------|------------------|---------------------------------------------------|
| Airborne Dust                                                     | AA                           | NIOSH 7082       | N/A                                               |
| Paint                                                             | AA                           | EPA SW-846 3050B | N/A                                               |
|                                                                   |                              | EPA SW-846 7000B | N/A                                               |
|                                                                   |                              | NIOSH 7082       | N/A                                               |
| Settled Dust by Wipe                                              | AA                           | EPA SW-846 3050B | N/A                                               |
|                                                                   |                              | EPA SW-846 7000B | N/A                                               |
|                                                                   |                              | NIOSH 7082       | N/A                                               |
| Soil                                                              | AA                           | EPA SW-846 3050B | N/A                                               |
|                                                                   |                              | EPA SW-846 7000B | N/A                                               |
|                                                                   |                              | NIOSH 7082       | N/A                                               |

A complete listing of currently accredited ELLAP laboratories is available on the AIHA LAP, LLC website at:  
<http://www.aihaaccreditedlabs.org>
